

# Esso Home Care, Inc.

HOME INFUSION THERAPY • ENTERAL NUTRITION • PAIN SPECIALIST • 24 HOUR SERVICE

To Whom It May Concern:

We would like to give our personal and professional recommendations to John Gilleland. John is an outstanding person, who cares for his customers. John is very knowledgeable about the insurance industry. John knew exactly what we were looking for.

Our business is very complex when it comes to insurance coverage. Different from our competitors, our line of work required us to have the exact policies and insurance limits in place, to satisfy the State, Federal, and local laws governing Health Care practices.

John researched the market thoroughly and recommended to us the best available.

We really appreciate how he handled our situation. His recommendations for our business needs were outstanding from the crowd.

His knowledge and professionalism really helped us in making the right decision.

John is a customer person, he knows what his clients needs are.

Still today, whenever we call upon him, he is always there to extend his best to us.

Please feel free to contact us if you would like to gain more about our experience with him.

Best Regards

Mo. Tahir
